

DESIGNED FOR
22 HOURS OF
CONTINUOUS WEAR

- Improve Digital Workflow/ROI
- Ideal for Significant Misalignment
- Faster Treatment Times
- Compete with Direct-to-Consumer Brands

The Park Dental Difference

Grow your dental practice and improve your digital workflow by incorporating our profitable, predictable clear aligner therapy into your practice offerings. Park Dental Aligners™ will provide your patients with a great way to straighten their teeth without the hassle of bulky traditional braces—for a fraction of the cost. Our simplified pricing plan helps you keep a healthy bottom line while increasing your revenue stream.

Why Park Dental Aligners™?

FAST & CONVENIENT **MINIMIZE CHAIR TIME**

Park Dental Aligners helps you effectively provide clear aligner therapy for your patients with very minimal in-office chair time.

AFFORDABLE **COMPETITIVELY PRICED**

Our pricing is affordable, so you can earn more while your patients pay less, allowing every dentist the ability to compete with mail-order aligner companies.

SIMPLE PROCESS **EASY TO GET STARTED**

Once you're registered, simply mail your impressions and upload your patient photos. (intra-oral scans also accepted)

FDA CLEARED **100% QUALITY INSPECTION**

Park Dental Aligners are fabricated using an FDA 510K cleared process and the highest quality materials.
